

RN 12: Environment and Society

Session 1a: Production and consumption systems

Tuesday 4th, 09.00 – 11.00, Room W110

Chair: Cecilia Claeys-Mekdade

1. Ines Weller: The Importance of Consumers and Consumption Behaviour for Sustainable Development
2. Michiel De Krom: Grasping the Butterfly Consumer: Exploring Consumer Involvement in European Food Safety Governance of Avian Influenza
3. Peter Oosterveer: Sustainability in food provisioning: Confronting consumer and provider heuristics
4. Carlo Orecchia & Pietro Zoppoli: Consumerism and Environment: does consumption behaviour affect the environmental quality?
5. Annukka Berg: Broadly-based committee work in making sustainable consumption and production policies - Finland's SCP programme in focus

Session 1b: Participation and governance of nature

Tuesday 4th, 09.00 – 11.00, Room W709

Chair: Luigi Pellizoni

1. Cigdem Adem: Participation in Nature Conservation in Turkey: Facing New Challenges
2. Eveliina Asikainen: Biodiversity and Every-day Life in a Finnish Suburb
3. Bálint Balázs & Norbert Kohlheb: Mapping Hungarian Forestry: Institutions, Stakeholders and Preserving Forest Resources in the Örség-Vendvidék ESA, Hungary
4. Andrew Samuel: The Power of Place: Community Development and Environmental Policy in Scotland: A Case Study of a National Nature Reserve, the Isle of Rum
5. Allan Sande: Participation and Governance in European wilderness

Session 2a: Social theory and the environment

Tuesday 4th, 14.00 – 15.30, Room W110

Chair: Peter Oosterveer

1. Cécilia Claeys-Mekdade: From social conflicts to eco-citizen participation: between “facts” and theories, the French case
2. Jens Jetzkowitz: Sustainability science and the co-evolution of society and nature
What we can learn from adaptive responses of tourism industry to climate change?
3. Luigi Pellizzoni & Marja Ylönen: Responsibility in an era of uncertainty.
Reassessing the precautionary principle
4. Lea Sebastien: A qualitative methodology to facilitate environmental governance:
the Actor in 4 Dimensions
5. Tabatha Wallington & Geoffrey Lawrence: Regional Arrangements for Natural Resource Management in Australia: Toward Responsive Environmental Governance

Session 2b: Environmental governance - nature protection and policy

Tuesday 4th, 14.00 – 15.30, Room W709

Chair: Kris van Koppen

1. Terence Fell: What Makes Governance Works inside Nature?

2. Stefan Bargheer: Moral Entanglements: The Emergence and Transformation of the Concern for Bird Conservation in Great Britain and Germany
3. Anders Blok: From Cosmopolitanism to Cosmopolitics: Negotiating Nature-Cultures in the Case of Japanese Whaling
4. William Markham & Kris van Koppen: Nature Protection Organizations and Networks in Nine Nations: Comparative and Historical Perspectives
5. Katerina Psarikidou & Nina Nygren: Understanding conflicts over EU species protection policy: Two Cases in Finland and Greece

Session 3a: Environmental governance and planning

Tuesday 4th, 16.00 – 17.30, Room W110

Chair: Giorgio Osti

1. Ernest Garcia: Land use and city-planning conflicts in the Mediterranean coast of Spain: effects on the social structure
2. Barbara Bodorkós: Community-based planning in the Mezőcsát micro-region, Hungary
3. Ralph Matthews: Is the Coast Clear? Understanding and Responding to Climate Change In Coastal Resource Communities in British Columbia, Canada
4. Christoph Goerg, Silke Beck, Carsten Nesshöver, Felix Rauschmayer & Heidi Wittmer: Nested networks of multiple knowledges – bridging scales and cultures in biodiversity governance
5. Kris Van Koppen & Birgit H M Elands: Monitoring Public Awareness and Participation for Biodiversity

Session 3b: Consumerism, lifestyle, and environmental values

Tuesday 4th, 16.00 – 17.30, Room W709

Chair: Balint Balazs

1. David Evans: Towards a Sociology of Sustainable Lifestyles
2. Mette Jensen & Tine Studstrup: The accelerating mobility
3. Hellmuth Lange: Emerging lifestyles between McDonaldization and sustainability perspectives. The case of IT-professionals in India
4. Nikita Pokrovsky: The impact of cellular globalization on rural communities in the North of Russia: consumption and virtualization
5. Henning Best: Environmental Concern and Environmental Behaviour. A Field Experiment on Household Waste Recycling

Session 4a: Environmental governance - representations, frames, and events

Wednesday 5th, 09.00 – 11.00, Room W110

Chair: Leonardas Rinkevicius

1. Bettina Bluemling: Framing the problem of groundwater over extraction - potential synergies of approaches
2. Martin O'Brien: Consumers, Citizens and the Waste Crisis
3. Sam Hillyard: Tourism spaces inside the English rural village: a visual analysis
4. Graeme Hayes: What Happens When Bids Fail? The Case of Paris 2012
5. Barbara Del Corpo & Egidio Dansero: Torino 2006: Environment, Challenges And Conflicts In A Contended Place
6. John Karamichas: Olympic Games as an opportunity for the Ecological Modernisation of the host nation

Session 4b: Environmental Governance and participation

Wednesday 5th, 09.00 – 11.00, Room W709

Chair: Cecilia Claeys-Mekdade

1. Heiko Grunenberg & Harald Heinrichs: Public Management or Public Participation?
2. Simo Kyllönen: The legitimacy deficit of environmental governance and public participation as a means of solving it
3. Jens Newig & Oliver Fritsch: Public Participation in Environmental Governance and the Attainment of Sustainability Goals: Near the Twin Shall Meet?
4. M. Olivier Notte: How does participation make accountability in the European water policies? Comparison between France and the Netherlands.
5. Isabelle Mauz: Monitoring the wolf population in France: when technical credibility does not induce political legitimacy

Session 5a: Environmental movement and civil society

Wednesday 5th, 14.00 – 15.30, Room W110

Chair: Kris van Koppen

1. Lieke Salomé, Peter Achterberg & Dick Houtman: Reassessing Environmental Concern: The Social Class Hypothesis
2. Hein-Anton Van der Heijden: European Environmentalism and European Civil Society
3. Giorgio Osti: Social Networks and Self-organised Communities for Renewable Energy Sources Development
4. Angela Franz-Balsen: Gender Aspects of Civic Engagement in the Context of Environmental and Sustainability Initiatives

Session 5b: Environmental justice and social sustainability

Wednesday 5th, 14.00 – 15.30, Room W709

Chair: Hellmuth Lange

1. Horst-Dietrich Elvers & Matthias Gross: Integrating Dimensions of Environmental Justice: Outlining a Processual Approach
2. Jane Fielding: Environmental Injustice or just the lie of the land: an investigation of the social characteristics of those at risk from flooding
3. Xavier Lemaire : Are Renewable Energies, “Sustainable” Energies? The Imaginary Institution of the Energy Needs of the Poor in Rural Areas of Developing Countries
4. Carmit Lubanov: The Environmental Justice in Israel: Between Socio-Environment Theory and Socio-Political Practice
5. Paula Schonach: Environmental Injustice - Consequences of Historical Path Dependency?

Session 6: Environmental values, education, and culture

Thursday 6th, 09.00 – 10.30, Room W110

Chair: Ernest Garcia

1. Jean-Paul Bozonnet: How socialization makes environmentalism and political ecology happen
2. Mercedes Martínez Iglesias: Citizen movements and management of natural resources
3. Irina Sosunova & Olga Mamonova: The ecological morality: the problems of formation during globalization process

4. Constantina Skanavis, Christos Giannoulis & Iosif Botetzagias: Greek Journalists acting as Interpreters of Environmental Issues

Session 7: Expert knowledge and environmental democracy

Thursday 6th, 11.00 – 12.30, Room W110

Chair: Balint Balazs

1. Vivien Behrens & Matthias Gross: The Remediation of Contaminated Land: Heterogeneous Actors and the Democratization of Science
2. Jo Mylan: Expert Knowledge, Markets and Novel Techniques in Contaminated Land Remediation
3. Anne Bergmans: Living with Nuclear Waste: Does Stakeholder Involvement in the Siting of Radioactive Waste Repositories Lead to the Emergence of Radwaste Networks?
4. Drago Kos & Marko Poli: The Framing of Radioactive Waste Risk: A Comparative Analysis
5. Peter Simmons & John Walls. Radioactive waste management in Europe: from government to governance

Session 8: Environmental governance, resources, and markets

Thursday 6th, 13.30 – 15.00, Room W110

Chair: Kris van Koppen

1. Philippe Deuffic: Deadwood for biodiversity or energy savings? An environmental dilemma for foresters
2. Paivi Haapasaari: TAC decision the end result of a battle
3. Suvi Huttunen & Miikka Salo: The question of traffic biofuels in Finland. Who sets the agenda?
4. Maie Kiisel: Rationalizing Environmental Decisions: the Case of Oil Shale Mining in Estonia
5. Päivi Timonen, Johanna Mäkelä, Juha-Matti Katajajuuri & Sari Forsman-Hugg: Acceptance of corporate social responsibility as social innovation

Poster Presentations

1. Nikoleta Jones, Chrisovaladis Malessios & Iosif Botetzagias : Individual social capital and willingness to contribute money for the environment
2. Maruta Pranka & Simo Laakkonen: ...it is the space we are living in.
3. Tomomi Shinada, Midori Aoyagi-Usui & Atsuko Kuribayashi & Mariko Kondo: How do students understand climate change? Local knowledge and specialized knowledge
4. Berit Skorstad: Environmental management and governance theories and practices
